

Mopex PMO Governance

Standardise project governance, improve reporting accuracy, and establish scalable PMO controls using practical frameworks, dashboards, and delivery systems.

The Business Problem

Common PMO Challenges

- Inconsistent project delivery
- Poor governance controls
- Lack of project visibility
- Delayed reporting
- Weak stakeholder communication
- Spreadsheet-driven portfolio management
- Unclear ownership and accountability
- No standardised execution framework

PMO Maturity Assessment

Every Mopex project begins with a baseline to track ongoing, step-by-step improvements. It

starts with a 7-Dimension Diagnostic

for the PMO framework, which

produces a Maturity Score. This

score marks our “As-Is” starting point

and helps shape the roadmap

toward the “To-Be” state.

Level	Description
1. Initial	No formal PM practices, reactive delivery
2. Emerging	Basic PM tools used, inconsistent execution
3. Defined	PM processes documented and repeatable
4. Managed	Integrated PM systems, proactive governance
5. Optimised	Strategic PM capability, continuous improvement

Mopex PMO Maturity Scoring Tool

Mopex PMO Project Delivery Flow

Mopex Frameworks break projects into clear, trackable phases, whether guided by a Mopex consultant collaborating with the client or handled directly by the client using their own Mopex PMO Framework package.

Mopex Project Management Office Framework		
Purpose: Build a high-performance PMO that ensures consistent project governance, delivery assurance, and strategic alignment across Mopex engagements.		
Use Cases	Service Description	
Centralised project governance for operational excellence programmes	◦ Phase 1. PMO Setup & Governance Design	
Standardisation of delivery across QMS, H&S, LEAN, and DMAIC frameworks	◦ Phase 2. Planning and Resource Management	
Portfolio oversight for multi-site or multi-client engagements	◦ Phase 3. Delivery Oversight	
Resource and capacity planning	◦ Phase 4. Performance Monitoring and Benefits Realisation	
Risk, issue, and benefit tracking	◦ Phase 5. Closure and Sustainment	
📁 Mopex PMO Toolkit (Suggested Assets)		
Asset	Format	Purpose
PMO Charter Template	Word/Excel	Define PMO scope and structure
Governance Model Pack	PowerPoint	Visualise decision rights
Portfolio Register	Excel/Notion	Track active projects
RAID & Risk Register	Excel	Manage risks and decisions
Resource & Skills Matrix	Excel	Map capacity and capability
KPI & Benefits Dashboard	Excel/Power BI	Monitor performance and impact
Final Report-Out Deck	PowerPoint	Communicate results and closure
Sustainment Plan Template	Word/Excel	Define post-project governance

Typical Example:

1. PMO Assessment
2. Governance Design
3. Template Standardisation
4. Portfolio Tracking Setup
5. Dashboard Deployment
6. KPI & RAID Integration
7. Continuous Governance Improvement

Mopex Project Management Tracking

Project tracking templates and dashboards give clients a clear view of individual projects or the entire PMO. Check out the video for an example of a PMO dashboard.

Mopex PM Toolkits Available

Mopex PM toolkits, or “Suggested Assets,” are included in the PM Framework contract and are commonly used for project consulting. There are also many other tools available for PM Continuous Improvement, which can be bought individually or as part of the complete PM Framework package.

Mopex Modular Templates

Branded, reusable templates and dashboards sold as standalone products or add-ons.

- **Modular & Scalable:** Use standalone or combine for full frameworks (LEAN, DMAIC, QMS, H&S, PMO, Data Analysis).
- **Audit-Ready & Branded:** Designed for compliance, client delivery, and executive presentation.
- **KPI-Driven:** Templates feed into dashboards that visualise performance, ROI, and risk.

- **Cross-Domain Utility:** Applicable across manufacturing, healthcare, logistics, finance, and more.

Mopex Analysis & System Dashboards

Summarise your headline KPI data
providing snapshot information of what
is important to the topic at hand.
